Tools: Figma, Git/GitHub, cPanel, Yoast SEO, Rank Math

WORK EXPERIENCE

Web Developer / WordPress Developer | ioNob Innovations LLP | Calicut, Kerala *Feb 2024 – Apr 2026*

- Built and maintained 15+ client web projects using WordPress, HTML5, CSS3, JavaScript, and PHP, ensuring clean, scalable code and cross-browser compatibility.
- Translated Figma mockups into pixel-perfect WordPress layouts, reducing average brief-to-launch turnaround by 30%.
- Executed SEO campaigns including keyword research, on-page optimization, and site audits — achieving a 25% increase in organic traffic for key clients.
- Improved site speed by 40% through caching, image compression, and script optimization, achieving passing Core Web Vitals scores across all managed properties.
- Managed security patches, bug resolution, and updates across 10+ live sites, maintaining 99%+ uptime.

Web Developer Intern | Cloudspring Technologies | Calicut, Kerala *Oct 2023 – Feb 2024*

- Delivered customized WordPress websites for 5+ clients across diverse industries, meeting project specifications on schedule.
- Configured WooCommerce product catalogs and payment gateways for e-commerce platforms.
- Customized themes and plugins to fulfill project-specific functionality and branding requirements.

PROJECTS

WorldsStar Manpower Solutions — *WordPress, ACF, PHP, Performance Optimization*

- Built a fully custom WordPress site using ACF for dynamic content management, enabling non-technical staff to update content without coding.
- Reduced page load time by 35% through image compression and caching, passing all Core Web Vitals.

Prabodhanam — Malayalam Magazine Website — *WordPress, REST API, Membership Module*

- Launched a fully responsive Malayalam magazine platform now serving 10,000+ monthly readers with tiered subscription/membership access.
- Integrated a third-party REST API for real-time content synchronization between the web portal and mobile application.

STIMES ERP — Corporate B2B Website — *WordPress, Elementor, SEO, Responsive Design*

- Deployed an SEO-optimized WordPress portal using Elementor for modular page layouts targeting enterprise buyers in global markets.
- Provided monthly maintenance covering updates, backups, vulnerability scans, and performance tuning.
